

UNIVERSITY OF RIZAL SYSTEM, Province of Rizal Philippines

ANNUAL Report 2016

*The leading University in human resource
development, knowledge and technology generation,
and environmental stewardship.*

About the cover photo

A photo by Ramon Santiago, Third Year Mass Communication student in the College of Arts and Letters of URS Angono. It was chosen as one of the Top 13 in the 2017 World Meteorological Organization (WMO) cloud photography competition with a theme “Understanding the Clouds” and it is featured in its March 2017 calendar. This entry titled “Iridescence” was selected among the 450 entries because of its artistic appeal, technical qualities and meteorological interest. This winning photograph is one of the items in the WMO Photo Exhibit for World Meteorological Day, March 23, 2017 at UN-WMO Headquarters. The photograph was taken on May 31, 2014, 5:36 pm at Pasig City, Philippines.

UNIVERSITY OF RIZAL SYSTEM, Province of Rizal Philippines

ANNUAL Report 2016

The leading University in human resource development, knowledge and technology generation, and environmental stewardship.

Executive Summary

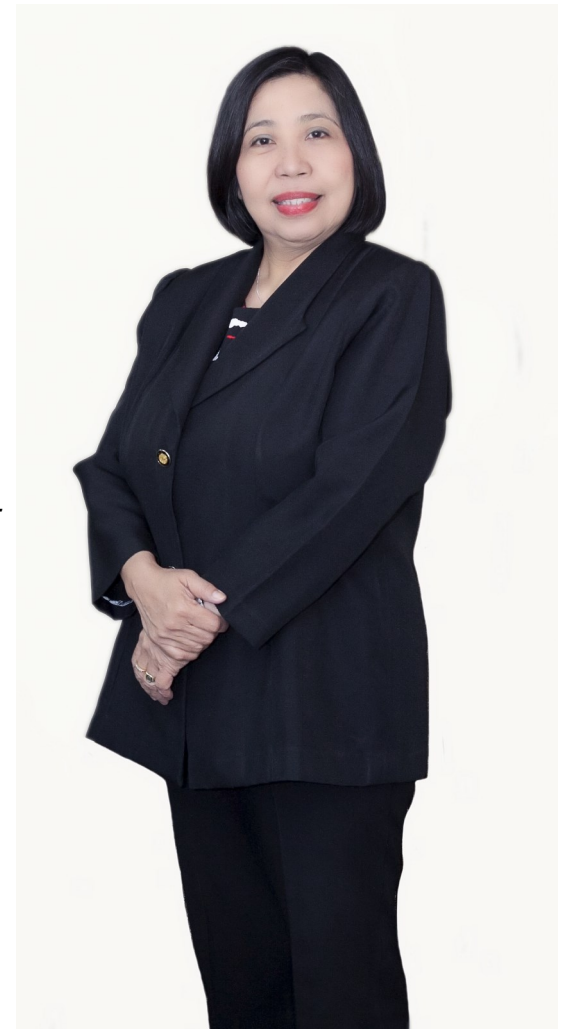

ANNUAL
Report 2016

The year 2016 is a witness of the commitment of the University of Rizal System to fulfill its mandate, and of the continuously evolving efforts to provide the relevant support mechanisms for the holistic development of our students, enabling research and extension environment, and feasible production activities.

As can be deduced in this report, notable accomplishments have been reckoned by the University through the dynamic and collective efforts of the management, faculty, staff and community stakeholders with the strong support of the Board of Regents. Major final outputs for the year and other accomplishments are the highlights of the University's achievements.

In instruction, enrolment for SY 2016-2017 registered a total of 22,479 students for first semester while 21,887 students in the second semester across the ten campuses of the university. 10.35% (4,591) of the total student population were recipients of scholarships and financial assistance. A total of 4,295 have graduated from various courses and among the first takers in various licensure examinations, 605 successfully passed and became new professionals. In November 2016, the university was adjudged as Top 6 performing school in the Civil Engineering Licensure Examination by the Philippine Regulations Commission (PRC) while it produced top 2 in the Licensure Examinations for Teachers. Likewise, some students also passed different Technical Education and Skills Development Authority skills assessment tests and actively participated and won prestigious awards in numerous competi-

Executive Summary

tions in academic, culture and arts, and sports.

In its quests for excellence, the University has continuously subjected its programs to AACUP Accreditation and CHED recognition. It has initiated the preparation towards improving its processes within the context of International Organization for Standardization (ISO). It has also conducted an orientation among its faculty and staff about ISO 9001:2008, organized its ISO Team and has developed its Quality Policy, Quality Objectives and Work Instructions.

In anticipation of the chain effects of the K to 12 program, the university has created and launched the Curriculum and Instruction Unit and General Education Center. The unit has so far accomplished the formulation of an OBE syllabi in new General Education subjects, reviewed the qualifications of the faculty, prepared the prospectus of the New General Education Subjects and crafted the proposal for the establishment of the General Education Center in every campus.

The Library as an important component of instruction has upgraded its library holdings by purchasing additional books, subscription to the electronic library (IPEL) of CHED, and updating of the STARBOOKS. Its services were modernized through the acquisition of new furnitures, installation of area network and adoption of KOHA.

In research and extension, a significant increase in the number of proposed and completed RDE projects had been observed due to the continued provision of the needed financial and administrative supports for the conduct of research and extension activities, presentation of RDE papers in various scientific fora, publication of RDE papers, and copyrighting and patenting of research outputs. Likewise, corresponding presentation and publication incentives were given to researchers and extensionists. A total of 26 and 20 research and extension projects respectively were completed for the year. Forty-four research papers were presented in different scientific conferences, fora and local in-house reviews while 20 extension papers were presented in international and regional conferences. The extension services which involved livelihood, literacy, capability trainings, organic farming, environmental protection, and alternative learning system benefited a total of 3,842 community folks.

A number of faculty members received awards for the knowledge and technology generated and significant contributions of extension endeavors in different venues and categories. Also, two utility models developed by the faculty had been filed for patenting while 26 scholarly works received copyright registration and International Standard Book Number (ISBN).

Executive Summary

The University has implemented various infrastructure projects and procured various laboratory equipment to effect better learning environment and enhanced research and extension conditions. Moreover, the administration through the approval of the BOR has appointed 99 faculty members and 26 staff to the next higher position. Hardworking and deserving faculty and staff as well as performing units were given due recognition during the annual PRAISE awarding ceremonies while Performance Based Bonus was also given to the regular employees. To hone the potentials and capability of the employees, a significant number of faculty and staff had attended various conferences and trainings in different venues aside from attending the in-service trainings conducted by the University. Part-time and full time scholarships were also given to several faculty in attending graduate programs.

The University served as the host of the 2016 Southern Tagalog Regional Association of State Universities and Colleges (STRASUC) Sports Olympics where more than 3,000 athletes, coaches and officials from 11 SUCs from Region IV-A & B actively participated in the weeklong sports event. It also provided leadership in the implementation of various programs and projects of the Center for Migration and Development (CMD) for Rizal province. This is a project initiated by the National Economic Development Authority (NEDA) Region IV-A to facilitate the provision of services to Overseas Filipino Workers (OFWs) and their families and in promoting enhanced consistency of interventions to address all concerns arising from migration and development. On the other hand, URS was recognized by the CALABARZON Regional Development Council as First Runner-Up in GAD Implementation in SUCs Category in 2015 due to its vibrant and visible activities on Gender and Development (GAD) within the academe as well as in extending technical services to other agencies and organizations in CALABARZON.

The university has sustained its linkages with other agencies and organizations and unceasingly established partnerships and collaborations at the international, national, regional and local levels to gain various forms of support towards improving the delivery of its services as it continuously nurtures tomorrow's noblest.

The University of Rizal System is a merger of two (2) state colleges and a university extension campus – the Rizal Polytechnic College, Rizal State College, and Rizal Technological University extension campus. The Republic Act 9157 lapsed into law on August 11, 2001, established a state university in the Province of Rizal to be known as the University of Rizal System, by integrating the Rizal State College and its extension campuses in Angono, Binangonan, Pililla and Rodriguez; the Rizal Polytechnic College and its extension campus in Cainta and Rizal Technological University-Antipolo Annex, all in the Province of Rizal. On June 18, 2002, CHED Resolution No. 411-2002 was issued identifying Tanay Campus as the main campus of the University.

The Rizal National Agricultural School (RNAS) was established by Republic Act No. 1560 authored by Cong. Serafin Salvador, which was approved on June 16, 1956. RNAS was opened on May 27, 1959. It was chartered as a state college on June 24, 1983 by Batas Pambansa Bilang 622 authored by Assemblyman Frisco F. San Juan making it the first state college in the Province of Rizal known as Rizal College of Agriculture and Technology (RCAT). RCAT was later renamed Rizal State College (RSC) by virtue of Republic Act 7858 sponsored by Hon. Congressman Emigdio S. Tanjuatco Jr. and approved by His Excellency Fidel V. Ramos on January 21,

1995.

The College is about 67 kilometers away from Metro Manila and accessible to all towns of Rizal through the Manila East Road or through Marikina-Infanta highway and is set atop an elevation of about 1,800 feet above sea level in the Sierra Madre Mountain range and is overlooking the scenic Laguna Lake and the surrounding lake towns.

Rizal Polytechnic College was first established as Morong High School on August 16, 1944. It was converted into Morong National High School on August 20, 1976 and to Morong National Comprehensive School on March 30, 1977. With the integration of Tomas Claudio Memorial Elementary School, it was converted into Morong National Comprehensive School, later renamed Rizal Technological and Polytechnic Institute on August 10, 1983 through Batas Pambansa Bilang 469. RTPI became a state college, the Rizal Polytechnic College on March 1, 1995 through Republic Act 7933. Through Board of Trustees Resolution No.06-13-98 dated February 12, 1998, RPC Cardona Research Extension was established.

At present the University operates with ten campuses in the Province of Rizal, namely: URS Angono, Antipolo City, Binangonan, Cainta, Cardona, Morong, Pililla, Rodriguez, Tanay and Taytay. It offers complete quality education from Kindergarten to Graduate School. The University implements a number of academic programs in the doctorate, masters', baccalaureate, non-degree and short-term courses. It also provides research, extension and production services as well as establishment of centers. The existence of the University caters to the needs of the stakeholders within and nearby provinces.

CORE VALUES

- R -Responsiveness
- I -Integrity
- S -Service
- E -Excellence
- S -Social Responsibility

VISION

The leading University in human resource development, knowledge and technology generation, and environmental stewardship.

MISSION

The University of Rizal System is committed to nurture and produce upright and competent graduates and empowered community through relevant and sustainable higher professional and technical instruction, research, extension and production services.

“Nurturing
Tomorrow’s
Noblest”

The University of Rizal System commits to deliver excellent products and services to ensure total stakeholders' satisfaction in instruction, research, extension, production and dynamic administrative support and to continuously improve its quality management system processes in compliance with statutory and regulatory requirements.

ACADEMIC AFFAIRS

The University of Rizal System continuously manifests its leadership in providing quality and relevant education as shown by its improved performance in licensure examinations, high employability rate of graduates, higher capability building of its faculty, accreditation and recognition of its programs, improvement of its library services and awards received by both students and faculty.

Enrolment Profile

The University has a total enrolment of 22, 479 for the First Semester of School Year 2016-2017 which is 17.28 percent lower than that of the First Semester of School Year 2015-2016 due to the first year implementation of the Senior High School (SHS) program. The SHS was opened in three (3) URS Campuses such as Antipolo City, Morong, and Tanay which registered 480 students. The Second Semester enrolment for SY 2016-2017 is 21,887.

15th University Commencement Exercises

ANNUAL
Report 2016

The 15th University Commencement Exercise was held on April 20, 2016 at Ynares Center in Antipolo City. A total of four thousand one hundred forty-two (4,142) graduates received their college diploma in various bachelors' programs across ten URS Campuses. CHED IVA Regional Director Emmylou Yanga, Congressman Roman T. Romulo and DSWD Director Maria Benilda Reda served as commencement speakers

for the graduating class of 2016 which was clustered into three batches. A separate graduation rites for Graduate Schools was held on April 15, 2016 at Eulogio Amang Rodriguez Tanghalang Sining (EARTS) in Morong Campus. TUP President Dr. Adora S. Pili was the commencement

speaker. A total of seventy-eight (78) graduates completed the degree in graduate programs in six graduate schools of the University. And 75 pupils finished their elementary education and received their diplomas in two different occasions.

Governor Rebecca A. Ynares delivers her greetings to the graduates

Performance in Licensure Examination

In the November 2016 Licensure Examination for Civil Engineers, the University of Rizal System was proclaimed Top 6 performing school with 50 or more examinees category by the Philippine Regulations Commission (PRC). Out of 46 who took the

examination, 42 were able to make it giving a passing rate of 91.3%.

Ms. Ludelyn Asuncion Palma of URS Antipolo is Top 2 in the September 2016 Licensure Examination for Elementary Teachers.

For this year, performance of the first-

time takers that registered a passing rate higher than the National Passing Rate are: Civil Engineers – 91.3%, Electrical Engineers – 90.32%, Electronics Technicians – 91.3%, Mechanical Engineers – 87.10%, Master Plumbers – 44.44%, Agricultural Engineers – 57.14%, and Elementary Teachers – 58.85%.

Table 5. Performance in Licensure Examination of First-time Takers, CY 2016

Licensure Examination	No. of Takers	No. of Passers	Passing Rate	National Passing Rate
Civil Engineer	46	42	91.3	54.21
Electrical Engineer	31	28	90.32	74.38
Electronics Engineer	25	6	24	42.67
Mechanical Engineer	31	27	87.1	73.07
Agricultural Engineer	7	4	57.14	48.88

Forester	6	1	16.67	56.63

Performance in Licensure Examination

**ANNUAL
Report 2016**

Students

URS Morong Campus is ranked 127th in the 2016 Philippine Universities Ranking

In the ranking of Philippine Universities conducted by FindUniversity.ph, the University of Rizal System Morong Campus, Morong, Rizal ranked 127th among the Philippine Universities evaluated based on aggregated passing rates of each school in all board exams that their graduates participated in. Moreover, URS Morong Campus is ranked 23rd in CALABARZON and 2nd in Rizal.

The evaluation considered the following criteria: aggregate passing rates of each school in each board exam in the past four (4) years; only first-timers were counted; schools that had a total of less than ten (10) examinees (first timers) for a particular board exam during the past four (4) exams were not ranked for that specific exam; and schools that were ranked in at least seven board examinations were considered.

Ms. Ludelyn Asuncion Palma of URS Antipolo City is Top 2 in the September 2016 Licensure Examination for Elementary Teachers.

Table 6. URS Morong Campus Board Exam Rankings

Examination	Passing Rate (1st Timers)	Rank in the Philippines
Civil Engineering Licensure Exam	88%	7 of 203
Electrical Engineer Licensure Exam	87%	43 of 145
Electronics Technicians Board Exam	87%	43 of 152
Mechanical Engineer Licensure Exam	85%	22 of 125
Master Electrician Licensure Exam	60%	104 of 150
Licensure Exam for Elementary Teacher	59%	354 of 1016
Master Plumber Licensure Exam	53%	18 of 112
Licensure Exam for Secondary Teacher	43%	781 of 1167
Electronics Engineer (ECE) Licensure Exam	27%	77 of 157
Licensure Exam for Psychometricians	18%	170 of 185

AAACU Study Tour Programme at Tokyo University Agriculture (Nodai) Tokyo, Japan

Students were sent to various trainings, conferences, fora, competitions and other similar events at the international, national and local levels as part of their holistic development. One BS Agriculture student of the College of Agriculture named Nomer Son B. Pantaleon joined the Philippine delegation which participated in the Asian Association of Agricultural Colleges and Universities (AAACU) Study Tour Programme at Tokyo University Agriculture (Nodai), Tokyo, Japan on October 4-8, 2016. The

seven-day tour provided the participants learning experiences through lecture-discussions, students' interactions and knowledge sharing about agriculture in Japan.

Mr. Nomer Son B. Pantaleon of URS, AAACU delegate to Japan posed with a delegate from Mindoro State College and a farmer from Natsuhaze Farm.

A demonstration by the local bakers on how to make Oyaki.

The school paper publication provides avenues for the actual training of our students in Journalism. For CY 2016, there were 12 active school papers based in the different campuses which produced and published their respective papers. These papers together with the participation of the Editorial Board and Staff won several prestigious awards and recognitions in various fora.

Student's recognition awards strengthen the organization's commitment in creating a learning and work

environment that encourages positive outcomes for all students. The students were recognized by the University for demonstrating the will to succeed, the dedication to finish what they started,

and the commitment to achieve their personal best.

2017 World Meteorological Organization (WMO) Photo Contest

A photo entry of a 3rd year Mass Communication students of URS Angono named Ramon Santiago was chosen as one of the Top 13 in the 2017 World Meteorological Organization (WMO) cloud photography competition with a theme "Understanding the Clouds." His entry titled "Iridescence" was selected among the 450 entries because of its artistic appeal, technical qualities and meteorological interest and this winning photograph will be showcased in the WMO Photo Exhibit for World Meteorological Day on

March 23, 2017 at UN-WMO Headquarters. The photograph was taken on May 31, 2014 at 5:36 pm in Pasig City using a 14 megapixel digital camera.

BIDA Competition

Students who were given opportunities to represent the University in various competitions and conferences brought honor and pride to the academe.

Among the awards received by the student in several competitions include: entries of the University to the 10th Business Idea Development Award (BIDA) National Competition, the Audiofone: Low Cost Hearing Aid of URS Tanay with the presenters namely: Rowell G. Navarro, Clariz

Joy L. Isidro, Paula Nikka I. Alvarez, Dian Angelica C. Cataag and Gerald Cris Angelo T. Banzuela with their advisers Mr. Rosalio Q. De Leon and Ms. Roscel M. Aguirre.

Purslane (Olasiman) Feeds of URS Binangonan won second place in the Technology and Non-food categories with the presenters namely: Jahlym Malilay, Jowen Oñate, Rhenalyn Llado, Francis Edrian Payao and William Española Jr. with their advisers Dr. Joanne S. Concepcion, Dr. Irene Abe and Ms. Myra M. Salindong.

URS Tanay and URS Binangonan winners in the 10th BIDA 2016 National Competition with their mentors.

They received the award during the 42nd Philippine Business Conference held at Marriott Hotel Manila on October 12, 2016.

2016 Cheongju World Martial Arts Mastership

At the International arena two students of URS Pililla namely: Nicky Rambuyon won Gold in Bantamweight division and in Individual Form competition while Mark Anthony Vidal received gold in Individual Form Team Form competition in the 4th International Martial Arts Championship. They too won gold and special award in Mastership at the 2016 Cheongju World Martial Arts Mastership.

Student Awards

In February 2016, the Annual Student Research Congress was held at URS Morong where Best Student Researches in four categories were awarded. The table below presents the best student researches in the four research categories.

Table 9. 2016 Best Student Researches in Different Categories

Title	Course / Campus	Awardees
Best Descriptive Research		
Bio-Accumulation in Kangkong (<i>Ipomaea aquatica</i>) Grown along the Laguna Lake in Taytay, Rizal, Philippines	BS Environmental Science URS Tanay	Angela M. De Guzman

Establishment of Real Deal Tailoring Shop in Barangay Parang, Angono, Rizal	BS in Business Administration URS Antipolo City	Catherine Mae Agnes Mary Joy Descalzota Katee Rose A. Espiritu Janna F. Lumang

Student Scholarships

ANNUAL
Report 2016

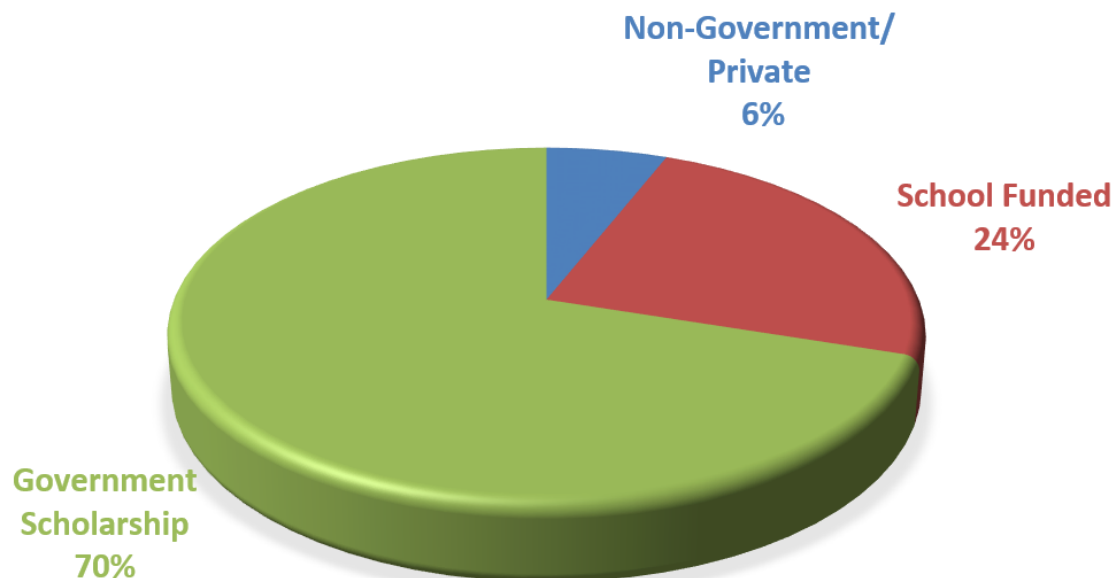

Students

For the present school year, First and second semesters, scholarships and financial assistance are provided to a total of 4591 students which is about 10.35% of the total population of students in the University. Two hundred seventy-one (271) or 6% are from non-

government or private sponsors, one thousand one hundred twenty three (1,123) or 24% are University-funded and three thousand one hundred ninety-seven (3,197) equivalent to 70% are government scholars.

The scholarships and grants came from 16 scholarships under the University Scholarship Program that includes entrance

scholarship, academic scholarship and service scholarships; 61 government scholarships and 43 non-government organizations scholarships, alumni scholarships and personal or private sponsors.

Statistics of Scholarship and Financial Assistance 2016

As of October 2016, there are 506 regular full-time faculty across the ten campuses. More specifically, there are 27 in Angono, 29 in Antipolo City, 48 in Binangonan, 16 in Cainta, 9 in Cardona, 212 in Morong, 34 in Pililla, 41 in Rodriguez, 77 in Tanay and 13 in Taytay.

Trainings / Seminars / Conferences

Faculty

For the year in review, the University has supported the attendance of faculty in different seminars/trainings/conferences aimed at enhancing their capability as well as keeping themselves abreast with the recent trends and devel-

opment in their respective fields of specialization. Fifth-three (53) faculty members had the chance to participate in international for a, one hundred seventy-one (171) were exposed to national conferences, and one hundred fourteen (114) were sent to join various fora held in the region. Most of the faculty members were able to attend and participate actively in the in-

service training and other conferences held locally.

As part of the Human Resource Development Program, URS sustains its support to five (5) part-time scholars and one (1) full time scholar who are pursuing doctoral and masteral studies in vari-

ous well-known universities in the National Capital Region. Part-time scholarship covers the payment of tuition fee and book allowance of the grantees which is being sponsored by the university. On the other hand, full time scholarship covers all expenses incurred by the grantee

which is being sponsored by the Department of Science and Technology (DOST).

Regional Quality Assurance

Accreditation, Recognition & Certification

As of even date, 48 or 71.64% undergraduate programs across the ten campuses of the University were awarded Certificate of Recognition by the Commission on Higher Education. All other undergraduate programs were submitted for recognition to CHED and evaluation of these is still in progress. In 2016, three (3) programs of URS Morong such as BS Psychology, BS Biology and BS Mathematics were granted recognition.

Table 14. Number of Recognized Programs by Campus as of November 2016

Curriculum & Instruction / General Education Center

A total of seven major accomplishments were undertaken by Curriculum and Instruction Unit and General Education Center in CY 2016 which focused on the crafting of

curriculum development framework, analysis of the profile of faculty, packaging of proposal on the establishment of Open Distance e-learning, establishment of General Education Center in every campus, formulation of the prospectus of the new GE subjects and crafting of the OBE

syllabi of the new GE subjects of the University. It is hoped that these initiatives will pave the way for a smooth implementation of the new curriculum in SY 2018 – 2019.

Table 17: **Major Accomplishments of the Curriculum and Instruction and General Education Center**

NO.	ACCOMPLISHMENTS	DESCRIPTION
1	Curriculum Development Framework	The Curriculum Development Framework is a framework which will serve as a guide in the development of the new curriculum of URS.
2	Faculty Verticalization and Alignment	The Faculty Verticalization and Alignment is a classification of faculty members based on their educational attainment. This will help the administration in deciding the proper placement of faculty members to the different colleges and campuses.
3	Profile of General Education Faculty Members	This is the classification of General Education faculty members who will handle the New General Education Subjects. The General Education Faculty Members in each campus might be under the supervision of the Head of the General Education Center.
4	Proposal for the Establishment of Open Distance e-Learning	The proposed Open Distance e-Learning is supposedly a distant e-learning scheme wherein classes will be done through one on one teleconferencing with the students. However, the proposal is still pending because there is a standard requirement of CHED which is not yet met by the University.
5	Prospectus in New General Education Subjects	This is a prospectus in the New General Education prepared by Dr. J. Abarro based on the CMO No. 20, s.2013. The prospectus was reviewed by the Technical Working Group 11 (Cruzado, C.; Tejada, Lourdes; and Francisco, E.) during its Course Syllabi Writeshop held on November 23-24, 2016 at Pilgrim Hall, URS Antipolo City.
6	Project Proposal for the Establishment of General Education Center in Every Campus	This project called as Center for General Education serves as the hub of the University in the offering of the New General Education (GEC) with the inclusion of Filipino and Physical Education subjects. All freshmen entrants/ students will take General Education subjects plus Filipino and Physical Education subjects and upon taking these subjects for one (1) year, they will proceed to the College where they will take their specialization and professional education (for Teacher Education courses) until graduation.
7	OBE Syllabi in New General Education Subjects	The OBE syllabi is an output of the Writeshop held on November 23-24, 2016 at Pilgrim Hall, URS Antipolo City. These are the syllabi in New General Education Subjects which will be implemented during the School Year 2018-2019.

All campus libraries had modernized its services through improvement of library furniture, installation of local area network, adoption of KOHA, and upgrading of DOST – STARBOOKS. To augment library holdings, they subscribed to the electronic library (IPEL) which was offered free through the Commission on Higher Education (CHED). The Library established its website and Facebook page for the announcement of activities and other informational resources. Five (5) campuses already have active websites operating while the five others are developing

their own. A Library Users Database that contains all information of library users especially students enrolled in URS Tanay provides efficient and accurate library usage statistics reports. Moreover, to increase the seating capacity and at least get closer to the prescribed library seating capacity, URS Tanay extended its space by enclosing with steel grills the adjacent open space at the back. With this expansion, it can already accommodate 117 users at a given time.

The DOST-STARBOOKS portal which was installed in all campus libraries was also updated.

Dr. Marita R. Canapi gave a testimonial on the benefits gained from DOST-STARBOOKS during the Super STARBOOKS Launch on July 29, 2016 at DOST Science & Technology Information Institute Auditorium, Taguig City. She also had a live interview on DOSTv: Episode 86, live streaming view at <http://www.dostv.ph/>. The Vice President for Academic Affairs, Dr. Flordeliza R. Penaranda was also invited for a recorded video interview by DOST CALABARZON.

Library Personnel and Staff Development

As of this year, the University has nine (9) licensed librarians leaving Angono, Cainta and Cardona campuses without licensed librarians yet. However, those campuses without librarians are assisted by other campuses following the

principle of resource sharing. There were also new IT staff employed to back up the librarians / library in-charge particularly in their electronic library services. The library personnel also participated in trainings, seminars and conferences at various levels to keep them

abreast of the library policy updates, trends, issues and concerns.

To assist the students and graduates in their On-the-Job training as well as Job Placement, the On-the-Job Placement Unit of the University has spearheaded the conduct of the following activities:

- Career Orientation Program for URS graduating students in coordination with the Rizal Provincial Government's Public Employment Office (PESO) and the Department of Labor and Employment (DOLE) from February 24, 2016 to March 30, 2016 across the eight (8) campuses. Thirty-seven (37)

graduates from URS were hired on the spot in the 2016 Jobs Fair held on April 1, 2016.

- Facilitated the 8th Go Negosyo Filipna Entrepreneurship SUMMIT sponsored by the Philippine Center for Entrepreneurship Incorporated on February 18, 2016.
- Facilitated the Work Attitude Seminar-Workshop of student trainees, dubbed as "Attitudes Towards Self and Work: Ethics in the Workplace," held on June 29, 2016 and November 11, 2016.

- Signing and notarization of Memorandum of Agreements (MOAs) between URS and Host Training Establishments (HTEs).

The University of Rizal System continuously sustains its engagement with industry partners for the conduct of students' on-the-job-training, internship and dual training. These agencies serve as avenues for the students to hone further their knowledge and skills and have the needed exposure to a real work environment.

RESEARCH & DEVELOPMENT, EXTENSION AND PRODUCTION

The University of Rizal System is mandated to engage in research to generate new knowledge and technology which are compliant to sustainable development. The University is also required to deliver extension services through various modalities so that these research outputs are utilized to improve the welfare and productivity of the rural poor so that they become empowered and active partners for development.

For CY 2016, the University has attained its target in terms of its major final outputs in research and extension services. This is a result of the sustained provision of financial and technical supports by the administration which motivated the faculty members to actively engage in research and extension activities.

Moreover, the University also runs production projects on animal and crops to generate additional income. The same projects also serve as field laboratories of students.

In 2016, a total of forty- nine (49) on-going researches were approved for implementation. The research studies were funded using General Appropriations Act and Internal Operating Budget. There were two projects funded by DOST-PCIEERD and DA-BAR.

8	A Meta-Analysis of Researches in Physics from Refereed Journals in Foreign and Local Settings	Thelma DS. Cruz	Morong	October 2014 – October 2015		Php 5,000.00	Studies and researches from refereed journals here and abroad had a slight difference. Empirically, the studies were similar but with proper development and innovations in some variables and contents. The only difference based on the readings is the number of the students per class and the total population of study in the higher education institution.
9	A Tracer Study on the Graduates of Bachelor of Arts Major in English and Political Science of URS Pililla AY's 2010-2013	Jocelyn L. Gagalang, Cecilia G. Tibay & Marilen B. Matela	Pililla	November 2014 – February 2015		Php 4,000.00	Gathered information on the status and profile of the graduates of Bachelor of Arts Major in English and Political Science of URS Pililla SY 2010 – 2013.
10	A Tracer Study on the Graduates of Bachelor of Science in Psychology of URS Pililla AY's 2010-2013	Lizel R. Francisco, Jocelyn L. Gagalang & Bernardita O. Regalado	Pililla	November 2014 – February 2015		Php 4,000.00	Gathered information on the status and profile of the graduates of Bachelor of Science in Psychology of URS Pililla SY 2010-2013.
11	The Assessment of the University of Rizal System (URS) Physical Facilities Building Resources and Their Utilization Matched to Enrolment	Enrique Aparejo	Morong	July 2015 – July 2016		Php 33,400.00	Insufficient in the number of classrooms where-in some students have their classes outside, lack of chairs, some of the floor areas of the room were not in the standard size and the arrangement of the tables, chairs, computers and others are not in the proper place.
12	Development and Validation of Worktext in Psychological Assessment	Niclie L. Tiratira	Morong	June 2015 – October 2015		Php 56,450.00	Developed and validated the worktext in Psychological Assessment coursework.
13	Development of Drafting Photographic- Physics (DDP) Activity and Experiment Table	Erich D. Cruz & Thelma DS. Cruz	Morong	October 2014 – October 2015		Php 15,000.00	Developed Drafting-Photographic-Physics (DPP) activity and Experiment Table for Technology and Engineering students of URS. The developed table is acceptable for use as educational device especially designed for drawing/ drafting and Physics subjects.
14	Natural Wood Stain Utilizing Anato Seeds (<i>Bixa orillana</i>) and Turmeric (<i>Curcuma longa</i>): Alternative Wood Finishing Materials	Ronald M. Marty	Morong	June 2015 – June 2016		Php 215,200.00	Developed a natural wood stain out of annatto seeds and turmeric ginger. Annatto produced natural orange-yellow pigment, it was water and oil soluble liquid. Turmeric produced bright yellow to deep yellow-orange color.

Table 25. Completed Research Projects for CY 2016 (continued)

Genetic Algorithm as a Tool for Sound Masking

Francisco B. Culbrina and Ferdinand M. Fernando

College of Engineering

University of Rizal System – Morong Campus

Email: subay_fbc2002@yahoo.com / ferdy33061@gmail.com

General:

To mask the annoyance sound or noise that exist in the environment

1. Determine the related data for different noise and relaxation sound in terms of frequency (Hz) and sound pressure level (dB).
2. Identify specific fundamental frequency of annoyance sound or noise in the environment.
3. Program an algorithm by means of C++ using principle of genetic algorithm as a tool for sound masking.
4. Make a simulation process using MATLAB and C++ to determine the workability of the algorithm.

OBJECTIVES

METHODOLOGY

1. Using Genetic Algorithm. The algorithm uses a population of candidate to be evaluated and the fitness value assigned. The new offspring produce from the genetic operation and from this a new population created.
2. By use of copy and crossover process, the internal structure of selected individuals can be modified. Each individual can be selected probabilistically based on their fitness value (the better the fitness, the more probability of been selected). With respect to a target using some sort of test or comparison, the individual performance of fitness function can be measure. This process is

RESULTS

In the simulation experiment, we use five different sound mask such as: SM_1 , SM_2 , SM_3 , SM_4 and SM_5 having a fundamental frequency of 5000Hz, 1500Hz, 1000Hz, 1900Hz, 1200Hz and for the Noise: N_1 , N_2 , N_3 , N_4 and N_5 having a fundamental frequency of 2000Hz, 1300Hz, 4000Hz, 4500Hz and 5000Hz respectively, that can be shown on Figure 1. To get the chromosome, multiply sound mask to random generated matrix using equation (1).

$$x(t) = 0.5_1(t) + 0.5_2(t) + \dots + 0.5_n(t); (t=1, 2, \dots, T) \quad (1)$$

The matrix are randomly generated in the program having a threshold value from 0 to 1 for the factor of time and distance (equation 2) of input noise sound.

$$x(t) = |x_1 - x_2| = \sqrt{\sum_{i=1}^n |x_{1i} - x_{2i}|^2} \quad (2)$$

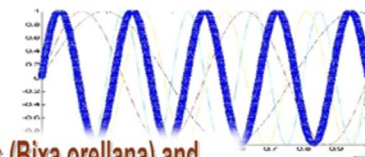

Figure 1: Noise Frequency of input noise

Development of Natural Wood Stain Utilizing Annatto Seeds (Bixa orellana) and Turmeric (Curcuma longa): An Alternative Wood Finishing Materials

Researcher : DR. RONALD M. MARTY

Objectives of the Study

This study aimed to develop alternative wood stain out of Annatto seeds and turmeric ginger. Specifically, this study attempted to:

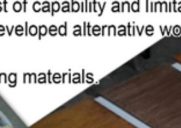

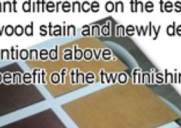

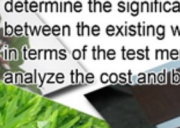

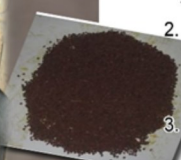

1. determine the characteristics of annatto seeds and turmeric for the production of alternative natural wood stain in relation to the:
 - 1.1 kind of solvent appropriate for annatto and turmeric;
 - 1.2 ratio and proportion appropriate for annatto and turmeric; and
 - 1.3 number of coating suited for wood surface
2. determine acceptability of the product in terms of:
 - 2.1 attractiveness;
 - 2.2 workability; and
 - 2.3 environmental aspect.
3. determine the significant difference on the acceptability to the existing synthetic wood stain and newly developed alternative wood stain in terms of the above mentioned criteria.
4. determine capability and limitation of the developed product in terms of the following tests:
 - 4.1 adhesion test; and
 - 4.2 outdoor exposure color test
5. determine the significant difference on the test of capability and limitation between the existing wood stain and newly developed alternative wood stain in terms of the test mentioned above.
6. analyze the cost and benefit of the two finishing materials.

GROWTH PERFORMANCE OF NATIVE PIGS ON DIFFERENT LEVELS OF CRUDE PROTEINS IN THEIR DIETS

IMPACT SCHEMING OF KAPIT BISIG TAYO FOR WOMEN EMPOWERMENT

Researchers:
Dr. Rebecca R. Amagsila
Dr. Rizalina R. Fernandez

A number of income generating activities were undertaken by the members after joining Kapit-Bisig Tayo Program. The result reveals that there is significant difference between before and after implementation of the program in terms of monthly income. The calculated P- value of T-Test for the economic indicator was significant. Signifies that the implementation of Kapit-Bisig Tayo Program increase the net income of beneficiaries through Mess to Riches and Face Value Plus in terms of social and economic benefits. The findings teach them also on how to save money. Thus the study concluded that Kapit-Bisig Tayo have been playing a vital role in the empowerment of rural women in the study area.

KAPIT-BISIG TAYO

Employment & Employability of Teacher Education & Business Graduates of URS Taytay SY 2009-2013

Objectives

- personal details of graduates with regard to civil status, sex, age and location of residence
- educational attainment; scholastic honors received, professional examinations passed, trainings/advance studies, competencies learned in useful in first job; and skills acquired in college helpful in self-employment.
- current employment situation, present occupation, first job; relatedness of first job to college course, length of stay in first job, waiting time and relevance of college curriculum.
- Reasons for staying on the job; Reasons for accepting first job; Reasons for changing job; and Reasons for not being employed.
- program that has the highest percentage of graduates employed.

A TRACER STUDY ON THE GRADUATES OF BACHELOR OF SCIENCE IN PSYCHOLOGY OF URS-PILILLA AY 2010-2013

Objective:

This tracer study shall provide the University the vital pieces of information on the graduates' employment nature, circumstances and opportunities geared towards creating a baseline data for setting plans and directions.

Methodology

This research study utilized the descriptive method of research. The data-gathering tool was the Graduate Tracer Study (GTS) Questionnaire adapted from the Commission on Higher Education (CHED).

BS Psychology graduates are:

- offered to work in private institutions
- are engaged in contractual or casual status
- with first job title of an HR Assistant or HR Office Staff
- involved in technical or professional work
- determined to apply their acquired knowledge and skills right after graduation
- got hired in less than 2 months after graduation as walk-in aspirant or direct application
- whose job choice was influenced by professional environment
- attribute the job offer to their competent talents, skills and hands-on activities
- consider their occupation as complemented to their qualification
- competent team player; they are agreeable that the course has optimistic impact on them are contented with their present life
- In order to meet the varying demands in diverse workplace, they feel the essence of having more human resource related subjects and relevant trainings to be included in the curriculum.

A Meta-Analysis of Researches in Physics from Refereed Journals in Foreign and Local Settings

PROF. THELMA DS. CRUZ

University of Rizal System
College of Industrial Technology

RATIONALE

During the last two decades, physics education research has shown the difficulties, introductory university students have had because they lack the ability to perform formal operations inherent to learning physics. These suggested a need for a more interactive and problem-solving teaching methodology in introductory physics. At the same time, the on-going revolution in information technology has led to the new tools for creating innovative educational environments. In response to these developments, a wide variety of new models of physics instruction are beginning to appear and have potential for challenging the way physics has been taught traditionally.

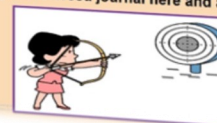

Although many of the meta-analyses examining the effects of technology on student outcomes were conducted more than a decade ago, several recent meta-analyses have focused on specific aspects of technology. The ability to examine differential effects of the treatment is one of the many advantages of meta-analysis as a meaningful method to aggregate and report educational finding

OBJECTIVES

General: To meta-analyze different researches in Physics from refereed journals in foreign and local settings.

Specific: This quantitative synthesis investigates these results by addressing the following:

1. List down the titles of the refereed journals used in the study in foreign and local settings.
2. Compare the similarities and differences of the findings in refereed journal here and abroad.

METHODOLOGY

The synthesis included quantitative, experimental, and quasi-experimental research and evaluation studies that have been published in refereed journals during a six-year period (2006 - 2012).

RESULTS

The Comparison of the Similarities and Differences of the Findings in Refereed Journal Here and Abroad

Table 1. Summary of Recent Meta – Analyses in Educational Technology and Physics Education

The University continuously encourages the faculty researchers to publish their research outputs in refereed journals. For CY 2016, there were four (4) research papers published, and two (2) of which were in journals that are indexed by Web of Science (ISI). Likewise, to bolster publication of research papers, the University provides financial support and publication incentives to the authors.

Cromwell UK International British Campus and URS sign MOU

A Memorandum of Understanding (MOU) was signed by and between Cromwell UK International British Campus represented by its

Chief Executive Officer Nisar Muhammed and University of Rizal System (URS) represented by the President Dr Marita R. Canapi on November 26, 2016 at Woldorf Astoria, Dubai United Arab Emirates.

Cromwell UK International British Campus represented by its Chief Executive Officer Nisar Muhammed and University of Rizal System (URS) represented by the President Dr Marita R. Canapi as they sign the MOU.

Both institutions agree to form and develop collaborative understanding in the interest of educational cooperation and in the spirit of making significant contributions to the international and intercultural education of people. Both parties are geared to become world-class universities committed to engage in collaborative academic research and extension undertakings on a global context; and devoted to cooperate in the development and implementation of programs and activities relevant to their institutional mandates, more specifically in international partnerships and external linkages.

Further, Cromwell and URS shall conduct collaborative research undertakings, joint proposal making and submission to funding agencies, and sharing of research capabilities for external resource generation on mutually agreed areas of disciplines, with consideration on both parties' priority areas; and shall exchange students, faculty members, researchers, and extensionists in the conduct of instructional researches, academic undertakings and extension programs which shall be subjected to terms and conditions.

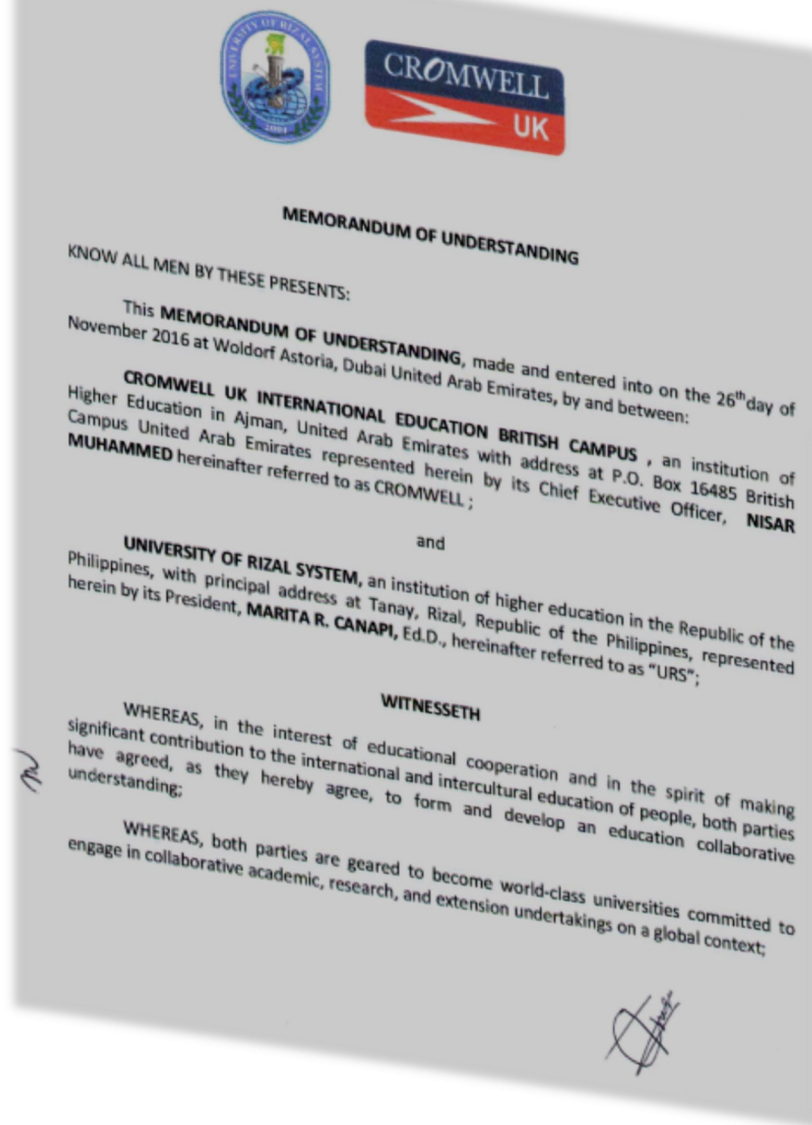

Forging Collaboration & Partnership

Cromwell UK International British Campus and URS sign MOU

President Canapi joins STAARRDEC Tour to South Korea

With the aim of acquiring insights about agricultural research in other Asian coun-

tries, the Southern Tagalog Agriculture, Aquatic and Resources Re-

search Development and Extension Consortium (STAARRDEC) conducted a Benchmarking Research, Development and Extension (RDE) activities on September 1-6, 2016 in South Korea. The participants in this six-day event were the fifteen (15)

member institution heads of the Research and Development Coordinating Committee and this includes the University President, Dr. Marita R. Canapi.

This benchmarking tour featured watching of a 3D interactive cartoon video presentation showing the importance of agriculture to humanity; a guided tour on the facilities; the sharing of the best practices in R & D which includes focus-

President Canapi joins STAARRDEC (continued)

ing to only few commodities especially on crops like rice, strawberry, apple and cut flower; producing genetically-modified pigs; breeding of local and imported animals such as horse, beef and dairy cattle, duck and chicken to come up with the best breed; centralized planning on research with the full support from the government; technology transfer to end users like farmers; using of advanced and mechanized hydroponics; predicting the performance of specific

crops; producing rice especially functional rice; and identifying commodities with competitive advantage in the market.

The team was also able to observe the processes and procedures in the production of the different commodities and on-site demonstration farm. They also visited Seoul National University where they were received by Eunyoung Kim from the Office of

crops due to climate change for the next 20 years and using the data in finding alternative crops; simulation and forecasting; using of glass houses in producing crops where the environment like humidity, light, temperature is controlled, thus the ability to produce off-season

Planning and Coordination, College of Agriculture and Life Sciences (CALS). They had toured the laboratories of National Instrumentation Center for Environmental Management (NICEM), a facility of CALS.

With these, they found learning and inspiration in setting standards and directions for instruction, research and development, as well as ways to establish linkages through collaborative projects thus will put the Consortium at par with local and international research institutions.

President Canapi and VP Pascual attend 21st AAACU General Assembly and Biennial Conference

The University President Dr. Marita R. Canapi together with the Vice President for Administration and Finance Dr. Nancy T. Pascual attended the 21st General Assembly and Biennial Conference of the Asian Association of Agricultural Colleges and Universities (AAACU) held on October 13-14, 2016 at Tokyo University of Agriculture, Setagaya, Tokyo, Japan.

The theme of this two-day conference was “Towards a Sustainable World: The Challenges of the Sustainable Development Goals (SDGs) for AAACU in the next Decade”. It included Plenary Sessions and paper Presentations as an avenue for sharing of ideas and experiences.

Aside from holding the General Assembly and Biennial Conference, AAACU also organized and sponsored the conduct of study tours and trainings which are participated in by the students and faculty in agriculture of the member universities and colleges.

Environmental Education and Biodiversity Research Center

**ANNUAL
Report 2016**

Research

The Environmental Education and Biodiversity Research Center was formerly known as the Ecological and Biodiversity Research Center. Since its founding date, the Center has been in the forefront of environmental stewardship in the University. It has facilitated various environmental activities across the ten (10) campuses and has extended assistance to community undertakings in terms of ecological researches and conduct of information-dissemination campaign. It has emphasized the need to understand and appreciate the role of the University in nurturing the noblest environmental stewards.

For the year 2016, the Center has the following remarkable accomplishments:

Environmental Education

Information education campaign activities were conducted among members of the academe, households, business, women, tourism, agricultural and transport groups. This aimed to encourage their full participation in environmental management and fulfill the University's role in nurturing the noblest environmental stewards. The 3rd Annual University Environment Week celebration with the theme "Unifying Efforts to Avert Unlawful Trade in Wildlife" held on November 14-18, 2016 wrapped up the environmental education undertakings of

the center as it highlighted the exchange of information and experiences with the different sectors of the society. The event also featured literary and quiz bee contests and greening tasks that enthuse stakeholders to actively involve themselves in knowledge sharing and eventually take part in transforming perspectives. The institutional membership to the Philippine Network of Educators on Environment, Inc. was also maintained.

Biodiversity Conservation

Biodiversity conservation efforts were intensified through the continued promotion of the URS Tanay Campus forest as a declared protected area, materials recovery, tie up with the local government and community and production of seedlings of indigenous species which also formed part of fund sourcing strategies of the Center. Likewise, it spearheaded the establishment of linkage formalized through Memoranda of Agreement among University of Rizal System; Bagwis Guardians Brotherhood Solid Group, Inc.; Purok 4; Purok 5; Sitio Pag-asa; Mataas na Lupa Neighborhood Association; Sitio Malaanonang; Sitio Malapapaya; United Tanay, Rizal Highland Jeepney Operators and Drivers Association, Inc.; Sampaloc Tanay Tricycle Operators and Drivers Association; Madi-lay-dilay Sampaloc Tricycle Operators and Drivers Association; Paenaan Cogeo Opera-

tors and Drivers Association, Inc.; Daraitan Sampaloc Tricycle Operators and Drivers Association; Kaliwa Norte Tricycle Operators and Drivers Association; Barangay Council of Sampaloc, Tanay, Rizal and Municipality of Tanay, Rizal on natural resources protection.

Production of Information Materials

Printed information education materials were packaged and used in the dissemination of research outputs. Some were already copyrighted and have been circulated to the end users. Signages important to biodiversity conservation were also posted.

Environmental Education and Biodiversity Research Center

ANNUAL
Report 2016

Research

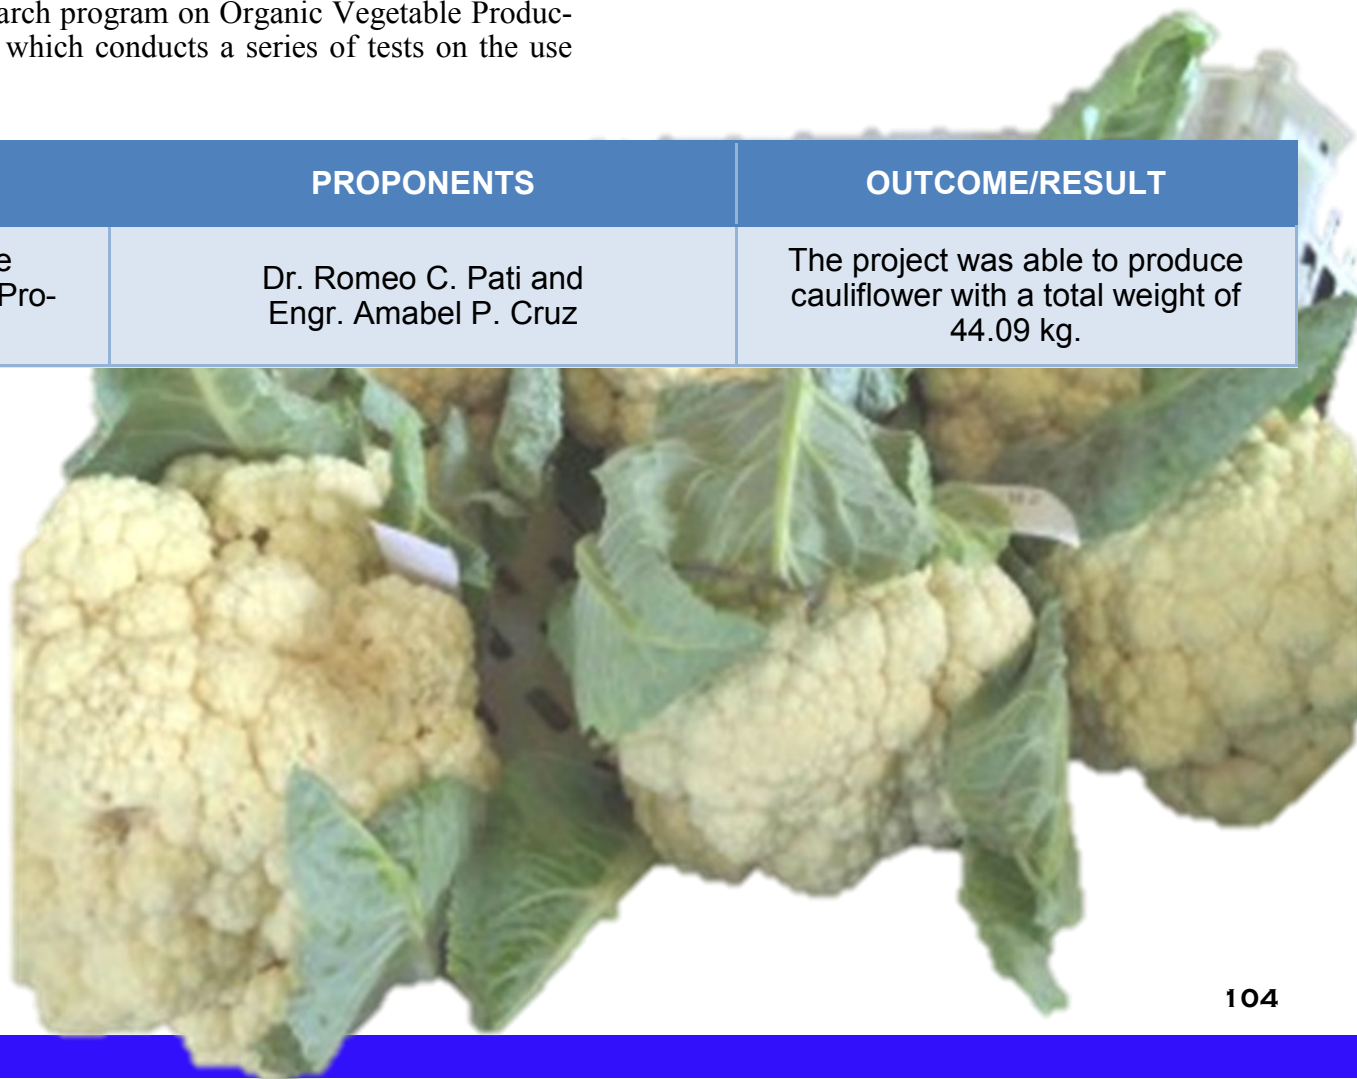

3rd Annual Environment Week

The Sustainable Agriculture and Natural Resources Institute (SANRI) accomplished various activities anchored on its mandates which are to develop, showcase and disseminate technology generated from the modular

projects in the University, as well as, to establish linkages within the community and offer product promotion and marketing services. One of the most significant accomplishments of the Institute is the continuous implementation of the research program on Organic Vegetable Production which conducts a series of tests on the use

of vermicompost as organic fertilizer. High-value vegetables such cauliflower, lettuce and bell pepper were among the vegetables that have been produced by the project. The table below shows the output of the on-going research project.

TITLE OF RESEARCH PROJECT	PROONENTS	OUTCOME/RESULT
Response of High-Value Vegetables on the Rates of Vermicompost Application under Protected Cultivation System	Dr. Romeo C. Pati and Engr. Amabel P. Cruz	The project was able to produce cauliflower with a total weight of 44.09 kg.

Another significant accomplishment was the conduct of an extension project. The SANRI extension program titled “Safe Today and Beyond: Empowering Communities Through Dynamic and Relevant Extension Services” is composed of several projects, one of which is the project in organic farming which aims to conduct trainings, symposiums, seminars most needed by the farmers and provide expert services/technical assistance to farmer cooperators in order to increase production of

their organic products. The SANRI Management Team as proponents of the project finished the first phase which was the needs assessment survey. This was conducted in partnership with LGU-Tanay and Brgy. San Andres. The table below shows the conduct of the extension project.

Table 30. SANRI Extension Project

TITLE OF EXTENSION PROJECT	PROPONENTS	OUTCOME/RESULT
ORGANIKO: Bridging Agricultural Activity and Environmental Sustainability	Program Leader: Engr. German L. Peñaranda Project Leader: Dr. Romeo C. Pati Members: Engr. Amabel P. Cruz Dr. Eulenia V. Solano Engr. Rosalinda G. Brasos Prof. Camilo V. Marquez Dr. Fe Esperanza T. Mateo Prof. Joy M. Alano	A total of 23 farmers were interviewed during the conduct of the needs assessment survey. The terminal report of the first phase was presented during the Agency In-House Review of Completed Extension Projects held on December 2, 2016.

Sustainable Agriculture and Natural Resources Institute (SANRI)

Research

To further achieve the dissemination of technology, the Institute had also served as one of the tourist destinations of the high school students of Brgy. Daraitan in their Educational Tour. They were able to visit the Organic Vegetable Production area, the Biocontrol Laboratory and Vermicomposting site.

For the promotion and marketing of SANRI products, the Institute had also participated in the local, regional and national agricultural exhibits. The organic vegetables, native pig lechon and vermicompost were among the products showcased. Consultation of stakeholders with the projects in-charge and distribution of IEC materials also took place during the events.

Table 31. Total number of clients who have received IEC Materials.

TITLE OF EVENT	DATE	OUTCOME/RESULT
Daraitan National High School Educational Tour	March 2, 2016	A total of 231 stakeholders composed by students, farmers, government employees, private individuals and others have received the following IEC materials:
12th Agriculture and Fisheries Technology Forum and Product Exhibition	August 11-14, 2016	Brochures <i>Paano Magpapabunga ng Ligtas at Malalaking Kamatis</i> <i>Vermiko Patabang Organiko: Kaagapay sa Pagasenso</i> <i>Biocontrol Laboratory: Trichogramma</i> <i>Let's Revive Sabutan Weaving</i> <i>Bamboo-poniks</i> <i>Pag-aalaga ng Anthurium</i> <i>Embryo-Cultured Makapuno</i>
Agri-Trade Fair and Exhibit, Tanay Hane Festival 2016	November 11-13, 2016	
STAARDEC FIESTA & 29th RSRDEH	November 21-24, 2016	Flyers <i>What is Ubi?</i> <i>A Forest...</i> <i>KS: Natural Resources, Utilization & Mgt. Practices</i> <i>Mag-organiks sa Hydroponics</i> <i>Kabutihan ng Kabute</i> <i>Embryo-Cultured Makapuno</i> <i>Conserve Masungi Karst</i>

Sustainable Agriculture and Natural Resources Institute (SANRI)

ANNUAL
Report 2016

Research

The SANRI Management Team and selected project assistants also participated in the 2016 Agrilink and Aqualink Exhibition and Seminars on October 6-8, 2016, at World Trade Center, Pasay City. SANRI also served as venue for the conduct of 2016 1st Agency In-House Review of Completed and Research on January 29, 2016 and Workshop-Training on Technology in the Piloting of Soybean Production and Utilization in the Province of Rizal on February 24, 2016.

Furthermore, to enhance the services of the Institute, improvement of facilities such as the construction of fire exit, installation of CCTV, construction of the Automatic Weather Station (AWS) house, installation

of Automatic Irrigation System at the greenhouse and putting up of the Apiary project took place. Some enhancements such as the upgrading of the Soils and Water Laboratory facilities, repair of the Beekeeping Storage Room, extension of the Biocontrol Laboratory, and the re-

building of the Native Pig pen and Native Chicken house are continuously being undertaken. SANRI page can also be visited in the official website of the University of Rizal System. Moreover, the Institute's research, extension and production activities produced various products such as organic fruits and vegetables, native pigs and chicken, and vermicast which were eventually sold to generate additional income for SANRI.

Extension

The extension activities of the University aimed at delivering services and expertise through various strategies, programs and transfer of technological innovations to various stakeholders in the fourteen (14) municipalities of Rizal province had sustained

the implementation of 31 on-going extension programs/projects to continuously serve the beneficiaries towards improving their quality of life. The implementation of these activities is a joint effort of the extension proponents, the University and the local government and other organizations. The University has provided financial sup-

port amounting to Php 2,039,793.00 to cover the cost of implementation of the said extension programs/projects for CY 2016. On the other hand, partner agencies/groups also extended their full support through the provision of venues for trainings, materials and equipment, facilities, technology, and experts services.

The faculty extensionists of the university had completed 20 extension programs/projects for the Calendar Year 2016 with the full support of the local partner agencies/groups. These programs/projects had provided various services to 3,842 beneficiaries in order to hone their potentials in the areas of

Technical/Vocational, Continuing Education for Professionals, Literacy Programs, Community Organizing, Agricultural Extension, Environmental Stewardship and Health and Wellness. These extension programs/projects were funded by the university amounting to Php 1,358,479.00. Likewise, the Farmers Information Technology System (FITS) Center of LGU Antipolo City is directly coordinated by

the extension office as the Partner Agency (PA) of the Techno Gabay project of the Agricultural Training Institute (ATI), Region IV A.

The University encourages every faculty extensionist to tap linkages and establish network with other agencies and organizations for mutual benefits and possible assistance in the

implementation of a project.

For Calendar Year 2016, it is worthy to note that faculty extensionists had established linkages in national, regional and local units and organizations. The supports given to the University in the implementation of the programs/

projects were in the forms of facilities, tools and materials, venue, technical expertise, financial and guidance/assistance.

**ANNUAL
Report 2016**

Extension

Towards showcasing developed technology and products of the University to various stakeholders in the community, URS has actively participated in the DA-BAR 12th Agriculture and Fisheries Technology Forum and Product Exhibition, 6th Tanay Hane Festival Agri-Trade Fair and Exhibit and STAARRDEC Fiesta and RSRDEH 2016: Showcasing Products and Innovations. URS products which include organic vegetables and animals as well as processed foods were sold to walk-in spectators while brochures and pam-

phlets of technologies were distributed to exhibit viewers and potential technology adopters.

The URS booth was adjudged as the 3rd Best Provincial Booth during the STAARRDEC Fiesta and RSRDEH 2016: Showcasing Products and Innovations held on November 21, 2016 at Bacoor Government Center, Bacoor, Cavite.

FOOD TESTING LABORATORY

With the aim of enhancing the MSME's capability, the Food Testing Laboratory (FTL) as a Shared Service Facility (SSF) was launched on June 10, 2016 at URS Morong campus. The FTL launching

was highlighted by the attendance of Hon. Adrian S. Cristobal, DTI Secretary; Ms. Zenaida Cusion-Maglaya,

tors of DTI and DOST from Region IV-A.

Former Vice Governor Frisco S. San Juan Jr. delivers the message of Gov. Rebecca "Nini" A. Ynares during the launching of the Food Testing Laboratory in the presence of RD Marilou Q. Toledo of DTI IV-A, RD Alexander R. Madrigal of DOST IV-A and Dr. Urdujah A. Tejada of DOST.

do, DTI IV-A Regional Director, Dr. Alexander R. Madrigal, DOST IV-A Regional Director; Former Vice Governor of Rizal, Hon. Frisco S. San Juan Jr., and Provincial Direc-

DTI Undersecretary; Dr. Urdujah A. Tejada, DOST Asst. Secretary; Ms. Marilou Q. Toledo,

This Php 22, 400,000.00 project is a partnership of the University with the Department of Trade and Industry and the Department of Science and Technology Region IV-A. A total of Php 17, 040,000.00 was granted by the DTI in the form of scientific instruments and equipment while the DOST IV-A Regional Standards and Testing Laboratory shall provide technical assistance. Along these, the University's responsibility is primarily in sustaining the FTL operations, thus, providing manpower and facility.

Aside from income generated by the University of Rizal System from tuition and other fees, it also generated income from its agriculture and other related activities managed by the Production Unit, Sustainable Agriculture and Natural Resources Institute (SANRI).

The production unit has sustained the operation of animal and crop production projects which includes swine, cattle, goat, matured coconuts, coconut seedlings, fruits, taro, coffee berries and abaca. It also manages the production of bath and laundry soaps. These projects are meant to generate additional income for the university.

The college of Agriculture, on the other hand, has continuously maintained several agriculture production projects primarily to support instruction in the conduct of field laboratory activities of agriculture students. These projects are composed of the production of hydroponics crops, makapuno seed-

lings, bamboo cuttings, ornamentals, and high value crops.

Furthermore, complementary to its research and extension functions, the Sustainable

Agriculture and Natural Resources Institute (SANRI) produce several native pigs and chicken, organic fertilizers, and organic fruits and vegetables.

Enhancement of Agriculture and Fishery Production Projects

ANNUAL
Report 2016

Production

The agriculture and fishery production projects of the university have been upgraded through the financial assistance given by CHED under the National Agriculture and Fisheries Education System (NAFES). The various project components include swine production, fingerlings produc-

tion, dairy goat production, and meat and milk processing. Faculty and staff members were sent to different trainings to upgrade their knowledge and skills in the management and operation of the said projects as well as to acquire skills in meat and milk processing.

The production unit also has constructed one unit of broiler house with one thousand (1,000)

heads holding capacity. This was funded by the University's internal operating budget.

These projects will surely boost the income generation activities of the University and will serve as avenues of field laboratory activities of the agriculture and fishery students.

Table 38. **Outputs Per Project Component**

PROJECT COMPONENT	OUTPUTS
Swine Production	Constructed one unit elevated pig Acquired 15 heads replacement gilts and 1 head boar Acquired supplies for water system improvement Provision of lairage Provision of slaughter house Acquired slaughter house equipment
Meat and Milk Production	Retrofitting of old building to convert into meat and milk processing center Acquired automatic milkers and stainless buckets Acquired other equipment
Dairy Goat Production	Acquired 24 heads doeling and 2 heads bucks Improved the dairy goat house Planted various forages Fenced 1.5 hectare pasture area
Fingerlings Production	Constructed 1 unit fish hatchery tank Acquired water pump and laboratory equipment Rehabilitation of existing well
Continuing Agriculture and Fisheries Education Program	Trainings on: Catfish Hatchery and Grown-out Operation Carp Hatchery and Grown-out Operation Basic Meat Inspection Awareness Seminar on Slaughtering Techniques Pig Slaughtering and Meat Cutting Artificial Insemination Meat Processing

The University entered into a Memorandum of Agreement (MOA) with various agencies for job hosting as well as for the On-the-Job Training deployment in support to the graduates and those who are about to graduate. It also aimed at providing training from TESDA accredited agencies for the extension services promotion. Furthermore, the Memorandum of Understanding (MOU) intends to collaborate in a number of areas to pursue common education, training, research, extension, and production objectives in the fields of Science, Engineering, Technology, Agriculture, and Laguna Lake preservation.

Awards

**ANNUAL
Report 2016**

Gender & Development

The Gender and Development Center of the University of Rizal System after a decade of commitment won 1st Runner-up in the Search for the CALABARZON Outstanding Gender and Development (GAD) Implementer in the organization category and Dr. Wilhelmina P. Masinsin, the head of the University GAD Center likewise received the same award in the individual category. The awarding rites were held on December 9, 2016 at the Cultural Center, Laguna Provincial Capitol in Sta. Cruz, Laguna.

The Search for Outstanding GAD Implementers was conceptualized by the Regional Development Council (RDC) IV-A in consultation with the Philippine Commission on Women (PCW) as part of their incentives and awards system. This search served as one of the highlights of the Fourth Quarter RDC Full Council Meeting and the award is intended for the

Awarding rites with RDC IV-A officials and photo op with Dr. Emmylou B. Yanga, Regional Director of the Commission on Higher Education (CHED) IV-A.

outstanding organization and individual that have proven exemplary records and achievements in mainstreaming GAD initiatives and localizing the Magna Carta of Women (RA 9710).

The said search aims to recognize the outstanding performance of different organizations and individuals in upholding the rights of women and mainstreaming and implementing various GAD initiatives in the region. It is hoped that it can further encourage full implementation of the GAD plans and budget, intensify local GAD awareness and advocacy, and highlight the importance of GAD in various fields of development in the region.

In response to the call for unified and collective actions on gender issues and concerns, the URS through the Gender and Development (GAD) Center has continuously implemented various activities within the locality and to its neighboring communities in

the Province of Rizal, CALABARZON and NCR regions.

For CY 2016, the Center has organized/co-organized thirteen (13) activities focusing on GAD orientation, planning and budgeting and addressing GAD issues and concerns. These were participated in by the URS faculty and staff, key officials and students.

The URS GAD Center also provided technical assistance to various organizations within CALABARZON and NCR through the provision of resource persons in the conduct of twenty-nine (29) seminars/trainings on Gender and Development. The Center has extended its services to 1,573 males and 4,513 females.

Capacity Building & Data Analysis

ANNUAL
Report 2016

Statistical Center

The University of Rizal System Statistical Center aims to provide training, data processing and management. The Center conducts trainings on Statistical Analysis and use of Statistical Software, provides statistical analysis and consultancy services on statistical application on research and maintain data and information for planning and decision purposes of the University.

In 2016, it has served 588 clients by

providing statistical analyses for their researches. The Center also conducted Training on Action Research for Department of Education secondary school teachers where it handled 82 Science teachers on January 2016 and 117 teachers of English on February 2016.

The net income generated by the Center in the above-mentioned activities amounted to Php 633,556.00.

ADMINISTRATION AND FINANCE

The administrative and finance services play a vital role in providing support towards the attainment of the University's fourfold functions. Human resource development, infrastructure upgrading and facilities improvement were given emphasis to enhance the delivery of services in instruction, research, extension and production.

The University of Rizal System has filled-up some staff positions through hiring new and qualified personnel and/or promoting those qualified rank and file to the next higher staff positions. There were nine (9) who were given permanent positions and 17 with contractual items. A total of 26 individuals benefitted from this upgrading of staff positions.

The Programs on Awards and Incentives Service Excellence (PRAISE) adheres to the principle of recognizing and providing incentives and awards based on creativity, innovativeness, efficiency, integrity and productivity in the public service of URS faculty members and staff.

With the theme “Sigaw ng Lingkod-Bayani: Malasakit sa Taumbayan, Kapwa Kawani at Kalikasan,” on September 23, 2016, the University PRAISE granted Loyalty Award to ninety-eight (98) faculty and staff members; Service Award to fourteen (14) retired faculty and staff members; Career and Self-Development Incentive Certificate of Recognition to twelve (12) faculty and staff members who satisfactorily completed a degree or a course with financial assistance from the University and other government agencies; Career and Self-Development Incentive Plaque of Recognition and cash incentives to nineteen (19) faculty and staff members who have satisfactorily completed a degree or a course on their own expenses; Top Performer Courses in Board and Other Government Exami-

nations to eleven (11) programs (1st Citation); six (6) programs (2nd citation); Bachelor of Secondary Education Program of College of Education of Rodriguez Campus (3rd Citation) and Bachelor of Technology Major in Hotel and Restaurant Management of College of Industrial Technology of Morong Campus (Hall of Fame); Best College to the College of Education of Antipolo City

The recipient of Distinguished Administrator Award, Dr. Danilo M. Pascual, Director, URS Antipolo Campus.

The recipient of Exemplary Behavior Award, Dr. Juan O. Abarro, Director, Center for General Education of K to 12 and Head, Curriculum and Instruction.

Campus (1st Citation); and College of Industrial Technology of Morong Campus (3rd Citation).

On the other hand, three (3) faculty member of URS were recipients of awards bestowed by other organizations. Dr. Shielanie Dacumos, faculty of URS Binangonan was the recipient of the Most Outstanding College Faculty Award during the 2016 Gurunasyon awarding rites held

Awards

on November 25, 2016 at Binangonan Gymnasium, Binangonan, Rizal. Moreover, Dr. Fe Esperanza T. Mateo, faculty of URS Main Campus, received the most coveted Parangal sa Natatanging Anak ng Tanay (PANATA) while Prof. Jonathan R. Peñaña, Campus Director URS Cardona was the recipient of Gawad Pagpapahalaga during the Gabing Parangal held on November 13, 2016 at the Tanay Municipal Hall Ground. These two awards were given by the Municipal Government of Tanay in recognition of the contributions of Tanayans in the development of the Municipality in the field of education.

Dr. Fe Esperanza T. Mateo, recipient of the Parangal sa Natatanging Anak ng Tanay (PANATA) and Prof. Jonathan R. Peñaña, recipient of Gawad Pagpapahalaga together with other awardees, LGU officials and Search Committee members.

Dr. Sheilanie S. Dacumos of URS Binangonan Campus received the Most Outstanding College Faculty award in the 2016 Guronasyon Awarding Rites.

Budget Utilization

The National Government earmarked PhP 448,577,064.24 to subsidize and support various programs and projects of the University of Rizal System. With the given budget allocation, the University was able to utilize 91.70% to cover the expenses on

personnel services, maintenance and other operating expenses, and capital outlay.

On the other hand, the financial subsidy provided by the government was augmented through the approval of the URS Board of Regents of the Internal Operating Budget of the University for CY 2016 amounting to PhP 299,085,193.98. This amount was allocated to

help defray the costs of the additional personnel services, maintenance and other operating expenses, and capital outlay. The University was able to utilize 62.15% of its Internal Operating Budget for the year.

Table 46. 2016 Budget Utilization Fund 011 and Fund 052

The Administrative Division has spearheaded the conduct of the following university activities as part of its services to support the URS operations.

Preparation and Presentation of Agency Budget Proposal for 2017

President Canapi presented to the Regional Budget Review the proposed FY 2017 Budget of the University on February 3, 2016 at Monte Vista Resort in Calamba, Laguna. She also proposed three priority infrastructure projects totaling to eighty-two million pesos (Php 82,000,000.00) which are included in the 3-year Rolling Investment Plan of the University which was approved by the Board of Regents on December 22, 2015. The panel composed of Department of Budget and Management, National Economic Development Authority, Department of Science and Technology and private sector representatives expressed their full support in the proposed projects particularly the Autotronics Innovation and Training Center because this project will directly benefit the car manufacturing industry which is one of the big-

gest contributors of growth and employment in the region.

Dr Canapi as she presents the 2017 proposed budget of URS

Annual University Strategic Planning Workshop

A three-day strategic planning workshop themed as “Global Excellence through International Recognition” was conducted by the University of Rizal System on February 17-19, 2016 at Villa Alfredo’s Resort in Barangay Baliti, San Fernando, Pampanga. The said planning workshop was attended by the members of the Administrative Council and other Unit

Heads led by Dr. Marita R. Canapi, University President. It was highlighted by the President’s report on the remarkable developments, progress and other accomplishments of her administration in the first four years, 2012-2016 which sets the direction towards facing the challenges of the next four years, 2016-2020 and beyond. The challenges cover those of ASEAN integration; ISO Initiatives; K to 12 of Deped, includ-

ing OBE and curriculum revision initiatives; rationalization, verticalization, and departmentalization; licensure examination and Graduate Studies Performance; financial management and budget utilization; and URS initiatives for community and nation-building.

University Stakeholders' Consultation

The University of Rizal System, through the University Planning Office, held an orientation and consultation on Budget Partnership Agreement on April 6, 2016 at the Eulogio Amang Rodriguez Tanghalang Sining, URS Morong Campus, Morong Rizal. It was attended by all university stakeholders such as the URS Management Team headed by Dr. Marita Canapi, University President, Alumni, Faculty and Student Federation, URS MEA, and SOURCI. Proposed projects for FY 2017 were presented to students, faculty, alumni and non-teaching

personnel by the University Budget Officer. An open forum was also conducted to discuss the finalization of projects to be included in the capital outlay of the University. Finally, signing of

sity for 2017. The event is in compliance with DBM National Budget Memorandum No. 125 and CHED Administrative Order No. 02.

Memorandum of Agreement was done to get the commitment and support of all stakeholders in the priority infrastructure projects of the Univer-

Annual Faculty and Summer Staff Development

The Annual Faculty and Summer Staff Development program was conducted on June 8-10, 2016 before the official start of classes for the Academic Year 2016-2017. For the non-teaching staff, a 2-day sportsfest dubbed as “The President’s Cup” was held at the Binangonan Recreational and Conference Center during the first day and at Morong campus on the following day. Team sports such as Basketball and Volleyball as well as individual sports such as Badminton and Bowling strengthened teamwork and brought camarade-

rie to administrative personnel who were grouped randomly for wider and diverse interaction. The culminating activity with a motivational seminar and afternoon games was held at Bosay Resort in Antipolo City for all the faculty members of the University.

Release of Performance-Based Bonus (PBB) for 2015

More than 600 faculty and staff of the University received the PBB for 2015 after the national election. The university received the PBB earlier than other SUCs as the

required documents were submitted on time to COA, CSC, CHED, DBM and other agencies that validated its accomplishments of at least 90% of the physical targets in 2015 in instruction, research and extension and compliance to

other requirements for good governance conditions in observance of full liquidation of cash advances, Citizens’ Charter, procurement, budget utilization and financial reporting.

OTHER ACCOMPLISHMENTS

The University has to perform other services which include sports development, culture and arts, management information system, lifelong learning, and migration and development.

It has also embarked on improving its processes within the context of ISO.

ISO 9001-2008 Initiatives

ANNUAL
Report 2016

The URS, as it responds to the demands of time and quality, initiated efforts towards ISO Certification. On September 14, 2016, the University conducted the very first General Assembly and Orientation about the ISO 9001:2008. Immediately, on September 29, 2016 to October 1, 2016, a workshop was conducted involving the key officials of the University together with the created URS ISO Team. The activity resulted to the first draft of the Quality Policy and Quality Objectives. Another round of workshop was made

which finally came up with a more detailed Quality Objectives and the final version of the Quality Policy which was later approved by the URS Board of Regents through the BOR Resolution No. 142 s 12-16 dated December 15, 2016.

The consultant, Engr. Helan A. Evalle and Dr. Marita R. Canapi as they discuss important matters during the workshop

URS Quality Policy

The University of Rizal System commits to deliver excellent products and services to ensure total stakeholders' satisfaction in instruction, research, extension, production and dynamic administrative support and to continuously improve its quality management system processes in compliance with statutory and regulatory requirements.

2016 STRASUC Olympics

ANNUAL Report 2016

Sports Development

The University of Rizal System took pride in hosting the 2016 STRASUC Olympics with the theme “*Global Responsiveness and Solidarity through Sports*” on December 12-16, 2016.

The URS Main Campus, URS Morong Campus and Sampaloc Elementary School in Sampaloc, Tanay, Rizal served as venues for accommodation of more than 3,000 sports officials, coaches and athletes from the 12 competing state colleges and universities in CALABARZON and

Center for Migration & Development

The first assembly on Migration and Development was held on May 20, 2015 at the City Hall of Antipolo City where the University of Rizal System (URS) was chosen as Chairperson of the Adhoc Committee on Migration and Development for the province pending the creation of a permanent structure. The responsibility of University of Rizal System includes the assistance to the Regional Development Council's Committee on Migration and Development in the implementation of the SUMMID Project in Rizal province.

Series of activities were held including strategic planning and the formal organization of the Committee on Migration and Development for the Province of Rizal on August 26, 2015 wherein, Dr. Marita R. Canapi was chosen to chair the committee.

CMD-Rizal Organizational Meeting

As part of SUMMID Project monitoring scheme, NEDA IV-A along with the members of the SUMMID Monitoring Team already conducted series of monitoring and evaluation activities. To enhance the delivery of services of CMD Rizal, the One-Stop Migration Resource Center (OSMRC) of Rizal was launched on February 15, 2016 and it is being housed in URS Antipolo Campus, Antipolo City. The OSMRC has a holistic mandate that includes pre-departure training, general migration information, and social services for migrants and family members staying behind, assistance to the

reintegration of migrants and increasing the development impact of migration and migrants' contributions.

The CMD Rizal is primarily tasked to facilitate the provision of services to overseas Filipinos and Overseas Filipino Workers (OFW's) and their families and in promoting enhanced coherence of interventions to address all concerns arising from migration and development. Considering the nature on how CMD- Rizal was organized and based at present, the mainstreaming activities are more on researches, capacity building, and organization of children with OFW parents. The CMD Rizal also provides assistance in the capacity building of local government units in mainstreaming migration and development in local plans, and conduct of advocacy activities.

A total of 1,542 individuals actively participated in the different activities conducted by CMD Rizal for CY 2016.

MIS Development

ANNUAL
Report 2016

The Management Information System unit of the University has embarked into 11 major projects along software development focusing on the computerization of enrolment, registration and grading system in various URS campuses. It also uploaded the Online Public Access Cataloguing (OPAC) for the University and the library website in five (5) campuses. The unit has also developed, uploaded

and maintained alumni and financial systems.

Likewise, four (4) major activities were also undertaken focusing on the hardware development which include rewiring of open rack, installation of 6KVA UPS, installation of cabinet, router and switch and replacement of broken air-conditioning unit. Complementary to the development of software and hardware, the MIS Head, Engr. Marvin Baquiran conducted training courses on software development aimed at capacitating the MIS coordina-

tors and staff of both MIS and library. These development initiatives have created significant improvement on the delivery of services of the concerned units of the University.

The MIS in action through training, programming and mentoring.

Table 53. **Hardware Development Projects of MIS Unit in CY 2016**

NO	MIS Development Projects (Hardware)	CAMPUS
1	Rewiring of Open Rack	Morong Campus
2	Installation of 6KVA UPS	Morong, Pililla, Binangonan and Taytay Campuses
3	Replacement of Broken Air-conditioning Unit to an Inverter Type	Morong Campus
4	Installation of Cabinet, Router and Switch	Pililla, Tanay and Taytay Campuses

MIS in hardware and software setting and servicing across campuses of the University.

As of December 2016, the Center for Lifelong Learning (CLL) has carried out a total of 10 projects which include LET Review Course, administration of pre-board and qualifying examinations, refresher course for teachers education graduates, retooling of teachers and

staff, computer literacy and computer system servicing, and capacity building for public school teachers. These activities had greatly helped the reviewees in passing the Licensure Examination for Teachers and in improving the competences of the teachers and staff as well as those individuals who attended other short terms

courses. These CLL activities are self-liquidating and also served as an avenue for the generation of additional income for the university.

Table 54. Lifelong Learning Activities for CY 2016

NO	PROJECT UNDERTAKEN	DURATION	NO. OF HOURS	OUTCOME/RESULTS
1	LET Review Course (2 Batches)	January 17-March 13, 2016	80 hrs	A total of Php 63,400.00 was recorded paid to URS as Administrative Cost for the 2016 LET Review
		July 3-September 18, 2016	80 hrs	Of the 130 LET Review participants, 49 passed the examination
2	Pre-Board Examination	January-March 2016		A total of 1,044 of Pre-board takers were issued official result/certification
3	2 nd take and 3 rd take	May 27, 2016; June 11, 2016		Results of Pre-board were issued to COE Deans of eight (8) URS Campuses
4	Qualifying Examination	January-March 2016		Official results of Qualifying Examination were issued to a total of 1,617 takers

Report 2016

TANAY CAMPUS

Doctor of Philosophy in Agriculture

Major in:

- Animal Science
- Agricultural Education
- Agronomy

Master of Science in Agriculture

Major in:

- Animal Husbandry
- Crop Science
- Agribusiness Management

Bachelor of Science in Agricultural Engineering

Bachelor of Science in Agriculture

Major in:

- Crop Protection
- Horticulture
- Animal Science
- Agronomy

Bachelor of Science in Forestry

Bachelor of Science in Environmental Science

Major in:

- Resource Management

Bachelor of Agricultural Technology

- Concentration: Animal Production Technology
- Crop Production Technology
- Post-Harvest Technology

Bachelor of Science in Business Administration

Major in:

- Marketing Management
- Financial Management

Human Resources Development Management

Bachelor of Science in Agribusiness Management

Bachelor of Science in Office Administration

Major in:

- Office Management

Bachelor of Arts

Major in:

- English
- Political Science

Bachelor of Science in Biology

Bachelor of Science in Mathematics

Bachelor of Science in Psychology

Bachelor of Science in Tourism

Bachelor of Secondary in Education

Major in:

- English
- Filipino
- Mathematics
- General Science
- Physical Education
- Computer Education
- Technology and Livelihood Education

Bachelor of Elementary Education

Bachelor of Home Technology

Diploma in Home Technology

Diploma in Computer Secretarial

Diploma in Agricultural Technology

Diploma in Agroforestry

Certificate in Professional Education

Short-Term Courses related to Agriculture and Forestry

Curricular Offerings
