UNIVERSITY OF RIZAL SYSTEM

International Development & Special Programs  
*University of Rizal System*  
Nurturing Tomorrow's Noblest

# URS History and International Development

The University of Rizal System is a merger of two (2) state colleges and a University extension campus -the Rizal Polytechnic College, Rizal State College and the Rizal Technological University Antipolo Annex. The approval of Republic Act 9157 on August 11, 2001 established the University of Rizal System with URS Tanay as the main campus and its satellite campuses in Morong, Pililla, Rodriguez, Angono, Binangonan, Cainta, Antipolo, Cardona and Taytay.

The IDSP office started having cooperation program with Southeast Asian Universities particularly Thai Nguyen University of Vietnam on May 15, 2007. A Memorandum of Agreement was signed by URS and the Thai Nguyen University on 15 May 2007, which was approved through URS BOR Resolution No. 020-185-07 dated 22 May 2007.

Initial phase of the program was the sending to URS of faculty and students from Thai Nguyen University in June 2007 for Intensive English Language Course. But prior to the arrival of the students, URS secured authority from the Bureau of Immigration to accept foreign students per AAFS No. MCL-07-111 dated 20 June 2007.

Afterwards, the students enrolled themselves in the URS campuses for undergraduate programs for college students and graduate programs for faculty. They followed the URS curriculum and schedule and they are immerse with Filipino students.

Beginning December 2007, URS opened a Master of Business Administration (MBA) course at Thai Nguyen University. On March 30, 2008, the formal launching of the program was held in Vietnam attended by URS officials then CHED Region IV Director Dr. Isabel F. Inlayo.

Following strictly the curriculum of URS, faculty of URS went to Vietnam to teach Intensive English as well as subjects in the MBA. The 27 MBA students who participated in the first MBA program were able to graduate on April 17, 2010. Their graduation went thru the process of approval from the local academic council, to the University Academic Council.

The second MBA program of URS was started in June 2008 with students coming from Phu Thu province. The program was divided into two with MBA 2A having 28 students and MBA 2B having 34 students. After two years of MBA studies, they were able to graduate on August 27, 2010 under Academic Council.

The third and final MBA program was started in January 2009, with 32 students, who graduated in April 2011.

Currently, IDSP has partnerships with Calvin University in Korea and National Taipei University in Taiwan.

The University of Rizal System is being recognized as a strong provider of education not just locally but internationally.

## Foreword

### *Mabuhay!*

The University of Rizal System is committed to become a prime educational institution not only in the Philippines but in the South East Asian Region as well. As a venue for higher learning, URS has impressive roster of faculty members competent in teaching English. The University offers a wide range of courses, from Engineering to Agriculture, available in ten campuses spread all over the province of Rizal.

As URS aims to play an active role in the international educational arena, the University opens its gate to international students. URS is also open to international partnerships and collaborations. This brochure would provide potential students, clients and partners with the necessary information about URS.
